About DiverseCity onBoard

DiverseCity onBoard connects qualified candidates from Aboriginal, visible minority and under-represented immigrant communities to board and committee opportunities with agencies, boards, commissions and non-profits in the GTA.

We have a roster of over 1500 candidates and have facilitated over 500 matches. Some of the boards to which we have made appointments include Ontario Science Centre, Women's College Hospital, United Way York Region, Toronto Arts Council, Seneca College, Oakville Distress Centre, Big Brothers and Sisters of Ajax Pickering, Mississauga Heritage Foundation, and the Ontario Human Rights Commission.

How to access the database

Accessing our database of qualified, pre-screened candidates is easy:

1. Go to www.diversecitytoronto.ca/diversecity-onboard and click "Register today" under "Organizations register here."
2. Fill in the information about your organization and click on "Save."
3. You will now be able to go to the "Create a Position" page to post your vacancies.

Please note that you need to register your organization only once. After you've registered, post as many board vacancies as needed, specifying the areas of expertise you require for each vacancy. For example, you may require financial skills for one vacancy, and marketing and public speaking competencies for another.

How the online database works

Our matching algorithm will help you find candidates that meet your requirements. You will be able to view profiles and résumés of matched candidates.

You can also search the database for candidates that match the skills and competencies you need.

Be sure to log in on a regular basis as new candidates are added every day.

Candidates will also be able to view vacancies the day after they are posted and apply to you directly.

We look forward to helping you fill your board vacancies with qualified, engaged candidates.

Help us count

Please let us know when you appoint one of our candidates so we can celebrate their success and yours.
